

TRILOGY INDUSTRIAL SALES

Trilogy Services:

- Level Surveys – Liquid level surveys backed by Questtec Solutions level experts
- Steam Surveys – Steam trap and surveys by Gestra, USA
- Heat Transfer System Repair Services and New Units by 2M Group
- Liquid Level Gauge & Sight Flow Indicator repairs
- High pressure, severe service valve repairs & specialty coatings by TEXCO Trim
- Thermowell & Thermocouple Assembly repairs, coatings, supervision and installation of skin temp instruments along with complex multipoints by Sandelius

Instrumentation

Fluenta:

Flare gas measurement; for 30 years, it's all we've done. And because it's our sole focus, our dedication to innovation and precision in challenging conditions is unrivalled.

Sandelius:

Thermowells, Thermocouples, RTD's, & Multipoints • Specialize in exotic alloys & excel in handling emergency jobs 24/7

Questtec Solutions (QTS):

Liquid and Magnetic Level Gages • Guided Wave Radar • Tubular Gage • Level Switches • Steam Gages

Winiers:

Pressure Gauges • Thermometers • Pressure Transmitters • Pressure Switches • Diaphragm Seals

Fairchild:

Filter Regulators • High Pressure & High Precision Regulators • Back Pressure Regulators • Vacuum Regulators

Gauging Systems Inc. (GSI):

Liquid Bulk Storage Tank Gauging • Overfill & Rupture Protection • Leak Detection • Vapor Monitoring • Tank Bottom or Roof Movement Indication

Valves & Actuation

AZ Valves:

High Performance sleeved and lined plug valves, lined ball valves, safety sample systems, lined sight flow indicators • HF Plug Valves, HP Plug Valves 1500psi • Double Block & Bleed Valves

Gestra:

Products & solutions for steam & condensate applications • Steam traps, severe service control valves, blowdown valves, isolation valves, non-return checks, strainers, & TDS boiler controls

ABO Valves:

Concentric, High Performance, & HP PTFE Lined Butterfly Valves, Knife Gate Valves, Gate Valves, Check Valves, & Ball Valves

Burling Valves:

100% made in USA- Pressure Reducing, Back Pressure, Differential & Negative Bias, Dome-Loaded, Direct Acting Regulators

Bray:

Butterfly Valves • Check Valves • Ball Valves • Knife Gate Valves • Cryogenic Valves • Control Valves • Actuators • Valve Accessories

Kinka Valves:

Specialty Alloy Cast & Forged Steel Valves Gate, Globe, Swing & Stop Check Valves, Cryo Valves Bolted, Welded, Pressure Seal & Y Pattern Bonnet

Amri:

PFA Lined Butterfly Valves • PFA Lined Ball Valves • Actuators

Reman Fisher Sales:

Reman & New Surplus Fisher Control Valves, Regulators, & Positioners

Fixed Equipment

HotCaps:

Custom removable insulation Covers • Reusable High-Quality, Custom-made insulation jackets for equipment, vessels, & piping of all sizes

Amarillo Gear Co.:

Repair/Renew gear drives for all manufactures, Marley™, including heat transfer system gear drives. Includes sell of Marley™ drive parts.

Precision Hose & Expansion Joints:

Corrugated Metal Hose, Braided Metal Hose, Expansion Joints

2M Group:

2M provides new heat transfer systems and offers repair services with OEM replacement parts. Plate & Frame, Gaskets, Plate Packs, Shell & Tube, Fin Fan & Compressor Coolers, Radiators, Sprial Exchangers, and more.

Machine Saver:

Predictive Maintenance, Industrial Accelerometers, & Vibration Solutions • Remote Predictive ML & AI Software, Vibration & Reliability Hardware, Dedicated Monitoring Svc

TRILOGY INDUSTRIAL SALES

2M Group

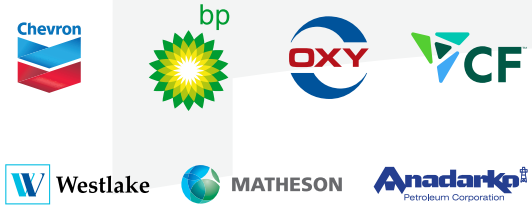

2M is your one-stop resource for Plate Heat Exchanger Services, Replacement Plates & Gaskets, Shell & Tube Industrial Radiator Services, Spiral Heat Exchangers, Finned Tube Heat Exchangers, Oil Coolers, Aftercoolers, Intercoolers, Watermakers and any other heat exchange services you might require. We also manufacture new replacement heat transfer products.

Heat Exchanger Services provided include:

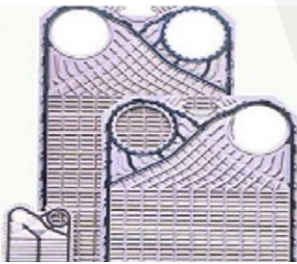

- Plate Heat Exchanger Maintenance
- Custom Plate Heat Exchangers for Obsolete Units
- Tube & Shell Heat Exchanger Maintenance
- Fin Fan Exchanger Service
- Cooling Tower Service
- Exchanger Disassembly, Inspection, and Complete Overhaul
- Heat Exchanger Cleaning via Ultrasonic Cleaning or Chemical Bath
- Dye Pen Testing
- Retubes
- Rentals

Some Of Valued Customers

Replacement Parts:

- Plates & Plate Packs
- Gaskets
- Tubing

Sandelius

Since 1956 our name has meant reliability & quality you can trust. We design and manufacture all types of thermowells, thermocouples, RTDs, & multipoint assemblies. In addition to our core product lines, we also provide thermocouple wire, sensor accessories & fittings, bimetal & gas actuated thermometers & sample probes. High pressure thermocouples, high velocity thermowells & severe corrosion/erosion applications are some additional examples of the dynamic nature of our supply scope.

Some Of Valued Customers

We Specialize In:

- Custom Temperature Application Design
- Exotic Alloys & Coatings
- Emergency Rush Order Support
- Weekend Or After-Hour Deliveries
